

The background of the entire page is a photograph of a city street. On the left, a brick wall is covered in colorful graffiti, including large black and white abstract shapes and some text. A group of young people are walking along the sidewalk on the right. In the background, there are various signs, including one for 'AMANTON RESTAURANT' and another for 'ITAL JUCES'. The overall atmosphere is urban and creative.

# Homegrown Talent Award Guide 2024

A guide to your application

“Central Film School offers a well-rounded, comprehensive study of all the various roles in Filmmaking. This allowed me to explore elements of production that I had never considered. Regardless of what people aim to do in the Film industry, it is crucial that they understand the roles of everyone who collaborates with the production, as making a film is a fundamentally cooperative process.”

The following section is a useful guide to assist you when filling out your scholarship application form.

## Important

It is very important that you complete the form correctly before you submit it. You are advised to read this guidance carefully first and have the information ready for when you complete your application.

Please note that we are not able to change your form once you have submitted it and you will not be able to send a second application for the same scholarship.

## General Information

Top tips for completing this section

# Your Finances

**Before you start the finance section of your scholarship application, it is important to have on hand your financial evidence and figures to make completing this section of the form as easy as possible.**

## **Your Finances prior to the course starting**

In order to assess your application it's important for us to get a full picture of your financial situation prior to starting the course. In this section, we will ask about previous employment/income that you obtained in the 12 months prior to the course starting. Make sure you have on hand your previous payslips/bank statements or even your P60.

## **Your household financial situation**

This portion of the application will relate to your income as a household. In this section, you will complete supplementary information for the people you live with. We define a household as a group of people you ordinarily live with as a family. If you live alone, or live with others whom you would not refer to as family, please ignore this section and move on. You will be asked to share evidence of their annual income, so make sure to request permission and collect this information in advance.

## **Your Finances whilst on the course**

In this section, you may want to consider and share how you will continue to support yourself whilst on the course. This can include savings, other scholarships and future employment.

## **Financial Summary**

In this section, you will summarise all the figures previously included so you may want to note these down on a separate piece of paper as you go. You will have the opportunity to express your financial need for the scholarship in a short statement. In this statement, it is important to articulate what is specific to YOUR financial situation.

Examples of evidence to submit in this section include an offer on employment (which must state your salary), P45/P60, your most recent 3 payslips or bank statements.

# Final tops tips

1

You may find it easier to type out your answers in a separate document first, keep them for a few days to make absolutely sure you are happy with them and then copy them into the application form when you start.

2

Applications may be submitted up until the closing date for each scholarship, so make sure you save the date and keep it handy so that you submit it in time.

3

Once the scholarship results are known, you will receive an email to confirm the outcome of your scholarship application. This will normally take place approximately 2 weeks after the closing date; however, in some cases, this may take a little longer.

4

Please remember that you must accept your scholarship in writing so make sure to check your emails thoroughly around this time.
